## How to leave your baby at Door of Care and Safety

1. Open the door
2. Place your baby on her/his side inside
3. Close the door
4. The door will automatically lock and I will be notified

Within 3 minutes, I will come and take your baby to our baby house. At the baby house, he/she will be cared for and will get lots of love.

Your baby will be taken to our doctor for a medical checkup. A social worker will also be contacted to take the case and work towards adoption.

## Why the Door of Care and Safety?

Abandoning your baby in the street is not safe for your baby which is why we have a Baby Safe where you can anonymously and safely leave your baby

If you can't keep me, Mamma,  
It's all right, I'll understand,  
But please let someone else reach out to  
take my tiny hands.  
So many childless couples would be happy as  
can be,  
If they could but adopt and love  
a little one like me.

Remember that when you were just  
as small  
and frail as I,  
*Your mother didn't make the choice  
to have her baby die.*  
You had your choice to live,  
*so, please let me have my chance too*  
I can't escape, I can't cry out...  
*My life depends on you!*

*Your preborn child*
